

Lead Analyst Permanent

Wood for Trees are looking for a Lead Analyst to join the Analysis team.

ABOUT US

The MyLife Digital group consists of three separate, but connected, entities:

- Wood for Trees - a data analysis company with a specialism in charity and non-profit organisations.
- Insight - a sports performance and data analysis company specialising in elite sports.
- Consentric - our brand for a secure, cloud based, digital service platform delivering three data solutions, or products. Built for organisations, but around the citizen, their personal data rights, trust and analytics. These solutions are available:
 - Permissions, for the management of personal data aligned to GDPR articles and data processing justifications.
 - Engage, for real time data capture, both online and offline.
 - Value Index, a machine learning tool to find patterns in data and help organisations uncover informed insights

THE ROLE

We are now seeking to recruit a full time Lead Analyst to support the Wood for Trees Analysis team.

The position is subject to a DBS check.

Over the past ten years Wood for Trees has improved the fundraising efficiency and value of some of the UK's best-known not-for-profit organisations, working with clients' data and database systems to make them better informed and more effective.

In a wider context we consult on strategic development, protecting and enhancing our clients' revenue streams for the future. We've built a reputation for providing valuable insight, strategic advice and pragmatic action that can have a significant effect on the bottom line.

We are also expanding our analysis services and data science capabilities to support other areas of operational performance and assessment within the third sector such as impact reporting, digital transformation and management dashboards across the organisation. We're expanding our analysis resources and are seeking to reinforce our teams with bright people who have strong analytical skills and the ability to communicate effectively.

We are currently looking for a Lead Analyst, who'll be required to shape and deliver data analysis on behalf of Wood for Trees clients.

Lead Analyst Permanent

The Successful candidate will join the team based just outside Bath and can look forward to a developing their career within a successful, growing company. If you have the qualities we're looking for, we've created the right-shaped space in which you can flourish.
